The Company’s work is focused on searching and investigating of contemporary dramaturgies, the connexion with the audience and the use of a personal and honest “stage presence”. The topics relate to the performing art itself and the experiences and personal backgrounds of the group’s components. These aspects are also developed by Antonio in his courses courses and workshops at festivals and public and private institutions and spaces. Within (as well as previously) ALTERACIONES Danza-Teatro Co. Antonio Quiles has presented and danced his own work as well as other projects in theatres, spaces and festivals of Spain, England, Holland, Belgium, Germany, Switzerland, Ireland, Cuba, Colombia and Mexico.

# SYNOPSIS

## HELLIOT

( A Contemporary Dance's Solo for diverse audiences)

"HELLIOT" is an interdisciplinary dance piece which aims to discuss the "unique" and "special" that each one of us has as an individual. From Helliot as narration and life's story as starting point, this project pretends to be a "scenic journey" from the particular to the universal, from the intimate to the social. The history of Humanity is made of micro-stories, apparently unimportant but all of them necessary. "HELLIOT" is about all this and also, about the idea of what it is to be a (good) contemporary dancer nowadays and what we want to see on stage today.
